EXPERIENCE

Software development Intern

[Kinchat](#) | Mar-Apr 2026

Developed KinChat, a collaborative Family Tree Builder Digital Genealogy Platform with real-time messaging, interactive family tree visualization, and secure memory management, Built responsive and reusable UI components, integrated REST APIs, and implemented secure authentication with privacy-focused features, Optimized application performance, enhanced user experience across devices, and resolved bugs through testing and code refactoring, Collaborated in an Agile development environment using Git/GitHub, contributing throughout the Software Development Life Cycle (SDLC).

Tech Stack: React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Node.js, Express.js, MongoDB, REST APIs, Git, GitHub.

EDUCATION

B-tech CSE-Data Science(Pursuing) **Pragati engineering college-Surampalem** (2023-2027 CGPA:7.1)

PROJECTS

KinChat

[Kinchat](#)

Developed KinChat, a Full-Stack Family Tree Digital Genealogy Platform with secure authentication and interactive family relationship management.

Built RESTful APIs, CRUD operations, and real-time messaging with efficient database management for seamless collaboration.

Tech Stack: React.js, Node.js, JavaScript, HTML5, CSS3, MongoDB, Tailwind CSS, Git, GitHub

Portfolio

[Portfolio](#)

Built a responsive portfolio website to present projects, technical skills, and professional achievements with an intuitive and visually appealing interface.

Implemented reusable React components, responsive layouts using Tailwind CSS, and smooth animations with Framer Motion; deployed on Vercel

Tech Stack: React.js, Tailwind CSS, Framer Motion, JavaScript, HTML5, Vercel (Deployment)

VIRTUAL INTERNSHIPS

Data Engineering virtual internship by aws academy

[certificate](#) | oct-dec 2025

This Internship through AWS Academy, gaining practical experience in designing and managing scalable data pipelines and cloud-based data workflows. Gained introductory exposure to AWS data engineering concepts and cloud-based workflows through guided activities.

Android developer by india edu GOOGLE for developers

[certificate](#) | jan-mar 2025

completed the Android Developer Virtual Internship by Google for Developers through the Eduskills program, gaining exposure to Android application development fundamentals. Worked with Android Studio, Java/Kotlin basics, UI design, and core Android development concepts through guided learning.

SKILLS

Technical Skills	Python,java,OOPs,MySQL,Data Structures and Algorithms,GIT,MS-Excel,Power-BI,ML,DL,NLP
Web-development	HTML,CSS,JS,MERN Stack,Figma.

CERTIFICATES

Salesforce Agentforce specialist	certificate		dec-2025
Data, Data ,everywhere(Coursera)	certificate		june-2025
Computer Science 101-Edx Stanford Online	certificate		mar-2025
